

CHILD DEVELOPMENT CENTER, INC.

60th Anniversary Fundraising Campaign

Bridge the Gap

Helping Special Children Make Great Strides

Child Development Center, Inc., is in its 60th year serving preschool children with special needs alongside their peers in an inclusive setting. With the highest state licensure rating, CDC serves children with all kinds of disabilities. This includes children with autism, learning delays, and special medical needs. Each year, CDC serves as many as 120 children between the ages of 2 to 5 years old. Our ultimate goal is to prepare every child for a successful transition to kindergarten.

Help us continue to provide highly intensive, individualized services to children in our community by being a part of the *Bridge the Gap CDC Sponsorship Program*.

Tremendous Need

The average monthly cost of care for a child with special needs is **\$1,519.89 per month**. This includes providing a safe and age-appropriate environment consisting of 10 classrooms, a large playground, highly-qualified administrators, licensed teachers and therapists, as well as nutrition services. However, the state funding reimbursement rate per pupil for a child with special needs is only **\$999.10 per month**.

CDC is able to off-set about half of this difference by billing insurance for prescribed therapy services. However, for every child with special needs enrolled, **CDC must cover a deficit of \$250** per month from independent sources, grants, and fundraising.

Please consider helping to *Bridge the Gap CDC Sponsorship Program* by a donation to assist us in providing a young child have the best early education possible!

Help One Child

\$250.00 –one month

\$1,250.00 - five months

\$2,500.00 – an entire school year
